## The Speakers

### Mr. **Benjamin Tan**

CEO & Executive Director of International Cancer Specialist

### About the Speaker

As the Executive Director, Benjamin has led International Cancer Specialists (ICS) in the areas of overall management, operations, strategic planning, and business development since 2016. He has played a key role in leading ICS to greater heights in patient-centred care, ensuring the uninterrupted care and safety for cancer patients throughout the COVID-19 pandemic and subsequent lockdowns. Together with his team of dedicated professionals from diverse backgrounds and talents, Benjamin has led ICS to significant patient growth from diverse sources of referrals, as well as greater efficiencies in its administrative, financial, and operational aspects. Integrity, Competence, and Service are the hallmarks that he envisions ICS to be known for in all that it does for its stakeholders. He has been a healthcare entrepreneur since 2007 and takes delight in always finding new ways to delivering greater value to the healthcare consumer.

## The Speakers

### Mr. Alan Puah

Group Managing Network of Rentalworks

### About the Speaker

Alan is the founder and Group Managing Director of Rentalworks. He started Rentalworks in 2007 with a vision to provide Device-as-a-Service (DaaS) solutions that would improve circularity and sustainability in IT while raising the standard of service to clients. He is a leading voice in the Asian market on Sustainable IT and ICT Circular Economy due to his strong reputation for innovation, excellence, and ethical business practices. His finesse in the DaaS industry has made him a recognized thought leader in this field, and he is sought after by media around the region for his insights. He has been a columnist for The Edge Financial Daily newspaper, as well as a guest on BFM, the only Malaysian business radio station, and Hong Kong's Office of the Government Chief Information Officer, sharing on the importance of proper IT asset lifecycle management process for a more sustainable IT industry. In addition, Alan has extensive experience building successful tech companies in the Asian market. Alan pioneered the SEA and China business for Blancco Technology Group, a public company and market leader listed on the London Stock Exchange as a joint-venture partner. He was on the board of Blancco's business in Southeast Asia and China until 30th September 2020. He also co-founded a successful IT distribution and IP telephony business, which was acquired in 2015.
